

## Aims of the school

**The school aims to serves its community by providing an education of the highest quality within the context of Christian belief and practice.**

To offer equality of opportunity in a happy, stimulating, learning environment where success is celebrated and in which children can develop, grow and learn within the ethos of the Christian Faith.

To provide a balanced and challenging curriculum in which the children's skills in language, mathematics, science, aesthetic, moral, cultural, religious and physical education are developed through first hand experience resulting in a high standard of education.

To develop an understanding and capability in ICT and provide children with the necessary skills and an awareness of the value of ICT for themselves and society in the 21<sup>st</sup> century.

To help children learn the importance of Human Rights, respect and consideration for others by developing their self-esteem.

To foster positive attitudes in life-long learning, e.g. so that everyone feels valued and confident achieving their full potential in an atmosphere of mutual care and respect.

To create an atmosphere where pupils are taught with high expectations of success.

To promote a partnership in education between home, school and the community.

To develop an understanding, responsibility, appreciation and curiosity for the natural world and of the interdependence of individual groups, nations and the environment.

Above all our aim is to make St. George's School a happy place where your child will want to be and where his/her strengths and areas for development will be recognised and his/her support is tailored to reflect his/her individual needs.
