

Wrap around care questionnaire (May 2017)

Where responses have indicated more than one child, that number of ticks have been used for after-school care, assuming both/all children will attend when they have responded they want after school care.

Where responses for after-school payment were absent or not clear, the responses went in “set by school”

Questionnaires were handed out to every child and there could be a duplication of responses.

Question 1:

Number of children currently in school:

Number of children	Total in each category (112)
1	41
2	24
3	5
4	2
