6) Have you any tips for a successful application?

Some, based on experience of receiving a high volume of applicants over the years. We want you to show the best of yourselves you possibly can:

- Come and see or speak to us! If at all possible, come and get a sense of our school.
- Do your research. Look on our website, ask around if you are local to the area. If you are applying from another area, do ring up and ask for a time to ask questions
- Check your application for grammatical errors and spelling mistakes. This may sound obvious but a large proportion of applications contain errors.
- Don't send us what is obviously a generic application for any teaching job.
- Be yourself. It sounds like a cliché but we are looking for genuine, not perfect, people who will fit our school and who will do the very best they can for our children as they progress.

We look forward to hearing from you!
